

Cornerstone 8.5 NEXT upgrade checklist

Over 100 user-requested improvements and brand-new features make your Cornerstone® software more versatile than ever.

Plan

- Schedule your upgrade on _____(date) at _____(time)

Server: Plan on 1 to 3 hours to upgrade (varies based on database size and current software version).

Workstations: Plan on 30 minutes to 1 hour each. Upgrade can occur on three workstations at once.

- Confirm hardware and internet browser meet specifications
- Educate your staff on the newest features and enhancements in Cornerstone®

.....

For a more detailed overview of the installation process and system requirements, review the Cornerstone Installation Guide at idexx.com/cornerstoneresources.

.....

Prepare

- Sync mobile computers (if applicable)
- Complete end-of-day processing (only applicable if upgrading at the end of the day)
- Perform backup
- Close Cornerstone and restart all computers including your server

Install

- Upgrade the Cornerstone server first
- Upgrade Cornerstone workstations
