

From suspicion to insight in a heartbeat.

Actionable cardiac insights right in your clinic. The Catalyst™ proBNP Test.

Cardiac insights have arrived to your Catalyst analyzer. And to your clinic.

With the new Catalyst proBNP Test, you'll get quantitative insights into cardiac health for both canine and feline patients right at the point of care. Because heart disease doesn't wait, and neither should you.

Two species. One test.

Assess cardiac health for cats and dogs with the same test.

When time is of the essence.

Get actionable interpretive comments during the patient visit, speeding up decision-making.

Reference laboratory quality.

Quickly get quantitative results with reference laboratory accuracy, right at the point of care.

A workflow you know.

Integrates seamlessly with your Catalyst analyzer workflows. Run alone or alongside additional chemistry tests with the same sample. Just load and go.

Results in one place.

Find your integrated results in VetConnect™ PLUS for a complete view of your patient's health.
