

# Ordering and Reviewing IDEXX Diagnostic Tests

in ImproMed\* Infinity Practice Management Software

This quick reference guide applies to ImproMed Infinity software, version 4.5 or later with VetConnect\* services installed. (The VetConnect PLUS feature requires version 5.1 SR5 or later).

For IDEXX Reference Laboratories and IDEXX VetLab\* Station

QUICK REFERENCE GUIDE

## Link Infinity Test Codes to IDEXX Test Codes

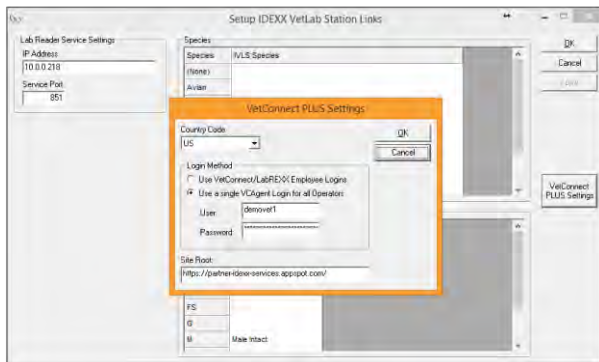

1. Go to | **Setup** | **Lab Results Import** | **IDEXX LabREXX Links** or **IDEXX VetLab Station Links**.
2. Double-click the IDEXX test you want to link to an Infinity product. A Link Item window opens.
3. In the **Product Name** list, select the Infinity product, or click **Setup Products** to define a new Infinity product.

4. Click **OK**; repeat to link other test codes.

## Set Up VetConnect\* PLUS Access

1. Click | **Setup** | **Lab Results Import** | **IDEXX LabREXX Links**.
2. Click **VetConnect PLUS Settings**.

3. Choose the login method:
  - **Use VetConnect/LabREXX Employee Logins**—Users log in with their own credentials (specified in Setup Employees).
  - **Use a single VCAgent Login for all Operators**—Users log in with VCAgent credentials.
4. Click **OK** twice.

## Order an IDEXX Reference Laboratories Test

1. Click | **Medical Records** ribbon | **Lab Results Import**.
2. Click **New IDEXX LabREXX Request**.
3. Verify that the client and patient are correct, or use **Find Client** to select a client and patient.
4. Select the staff member creating the request.
5. Click **OK**. The VetConnect website opens.
6. Complete and print the requisition from the VetConnect website. For help, contact VetConnect Technical Support, 1-888-433-9987.
7. If prompted, select the species, breed, or sex code.
8. Verify the products on the **Move Products** window; click **OK**.

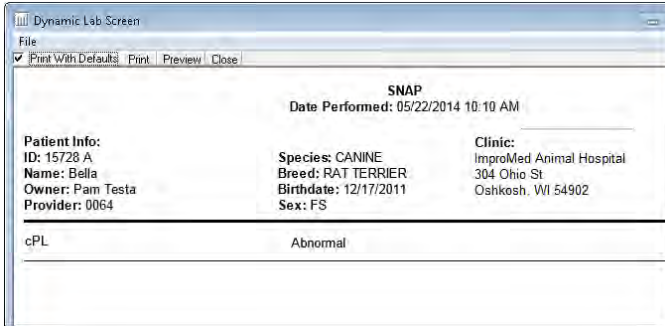

## Order an IDEXX VetLab\* Station Test

1. Click | **Medical Records** ribbon | **Lab Results Import**.
2. Select the client and patient; click **New**.
3. Select an employee as the provider.
4. Select **IDEXX VetLab Station (Network) Sheet** from the Selected Sheet drop-down list.
5. If desired, select the business, destination, and SuperMode.
6. Select the tests to perform.
7. Click **Create**. The order is sent to the IDEXX VetLab Station.

## View Test Results in the Patient Record

Results are downloaded automatically to Infinity software and are added to the patient record.

1. Click | **Medical Records** ribbon | **Lab Requests**.
2. Select the request.
3. Click **Show Results**.

## View Test Results in VetConnect\* PLUS

1. From the Infinity desktop, select a patient.
2. Click | **Medical Records** ribbon | **VetConnect PLUS**.

The VetConnect PLUS window displays the most recent results for the patient.

**To view previous results:** Click the date tabs at the top of the window.

**To view results for another patient:** Click , and then search for the patient record.
